MULTRON®

MX Series
Intelligent Fire Alarm Systems

MX24-5A
INTELLIGENT POWER SUPPLY UNIT

Features and Benefits

- ■ EN54-4 Compliance
- ■ Intelligent 5A Power Supply Unit
- ■ Monitored by the Fire Alarm Panel on the Loop
- ■ Digital Display showing Output Voltage and Load Current
- ■ Overcharge and Overload Protection
- ■ Fully Monitored with Self-test function
- ■ Wall Mount

Technical Specification

Standards	EN54-4		
Power Supply	Mains: AC200V (110-240V)	50/60Hz	<130W
Backup	24VDC	12Ah sealed lead-acid battery (To Be Ordered Separately)	
Output Power	120W (24VDC, 5A)		
Protocol / Addressing	Proprietary	Value range from 1 to 254	
Mains and backup switching	No delay		
Time Indicator	Numerical Display		
Material / Colour	Flat sheet Metal	Light Gray	
Dimension	400mm x 320mm x 120mm		
IP Grade	IP30		
Temperature	-10℃~+60℃		
Relative Humidity	≤95%, non-condensing		
Atmosphere	86~106KPa
