A1 FIRE® Clean Agent Fire Extinguisher

Our **A1 FIRE® Clean Agent Fire Extinguisher** uses **2-BTP (2-Bromo-3, 3, 3-trifluoropropene)** clean fire extinguishing agent developed for fire suppression. It is a designed to extinguish fires rapidly while leaving no powder, water or other residue making it suitable for protecting sensitive equipment such as Data Centres, Server Room, Telecommunication, Electrical Rooms and more.

Unlike conventional inert gas agents, which extinguish fire mainly by reducing oxygen concentration, 2-BTP works primarily through chemical inhibition, cooling effect, and physical suppression.

Certified to the relevant Singapore / EN Standards for Class A and B fires.

Environmentally Friendly... Safe & Effective...

TÜV SÜD PSB

Model No.	A1-B4
Capacity	4.0 kg
Weight	6.6 kg
Fire Rating	13A / 70B
Diameter x Height	Ø165 x 490mm
Working Pressure	7 Bar
Test Pressure	25 Bar
Propellant	Nitrogen (N2)
Temp. Range	Operational between -20°C to +60°C
Finishing	Red – Epoxy Powder Coated
Mounting	Wall bracket included
Standard	Singapore Standards SS EN3-7:2012, SS EN3-8:2023

Environmental Properties:-	
Clean Agent	2-BTP
Global Warming Potential (GWP)	0.23-0.26
Ozone Depletion (ODP)	0.0028
Flammability	Non-flammable
